- High Attention to Detail
- Strong Written & Verbal Communication
- Critical Thinking & Problem Solving
- Adaptability in Fast-Paced Environments
- Ownership, Accountability & Discretion

EXPERIENCE

Admin Lead | Project Manager | Executive Assistant

Greenbix Pte. Ltd. | August 2025 - August 2026

Singapore

- Managed executive administrative operations, project coordination, task tracking, documentation, and high-priority ad hoc support across Greenbix's business development, commercialisation, and partnership initiatives.
- Coordinated grant, award, accelerator, and competition applications, including opportunity research, criteria review, draft responses, supporting documents, submission tracking, and follow-up monitoring.
- Supported Greenbix's partnerships and collaboration pipeline by coordinating meetings, drafting professional emails, managing follow-ups, organizing documents, and tracking next steps with partners including ERI@N-ECOI, Roobah, VeeVOX, Mi-ACE, and other external stakeholders.
- Conducted market research and outreach for potential customers, partners, manufacturers, installers, universities, funding bodies, and sustainability-related organizations across Singapore, ASEAN, and international markets.
- Sourced and shortlisted potential PDC/HVAC manufacturers, installers, and technical partners, coordinating follow-ups and compiling relevant technical and business information for leadership review.
- Prepared and maintained business development materials, including pitch decks, one-pagers, commercialisation reports, market research summaries, meeting notes, action trackers, and project update documents.
- Coordinated Greenbix's Vidacity/CFD simulation and testbed-related administrative workflows, including document preparation, meeting scheduling, stakeholder follow-ups, site-visit documentation, and tracking of technical inputs, timelines, and deliverables.
- Supported lead generation and outreach campaigns by drafting introduction emails, follow-up sequences, LinkedIn messages, meeting scripts, and stakeholder communications for potential collaborations and market validation.
- Managed financial and compliance-related administration, including expense tracking, receipt filing, remittance advice preparation, invoice coordination, financial report review, and communication with external accounting and corporate service providers.
- Supported HR, employment pass, onboarding, background check, and internal documentation processes by coordinating with screening vendors, organizing required files, and tracking approvals and outstanding actions.
- Created and managed LinkedIn content, thought leadership posts, branded visuals, event posters, and reporting templates while tracking engagement metrics and maintaining a consistent posting schedule.
- Updated and improved Greenbix's corporate website and the CEO's personal website, including content uploads, mobile-view fixes, event/news updates, video placement, website structure improvements, and partnership announcements.
- Researched and coordinated speaking opportunities, lecturer opportunities, university outreach, podcast opportunities, and sustainability events to support executive visibility, thought leadership, and Greenbix's market presence.
- Organized internal records across OneDrive and shared folders, ensuring partnership documents, NDAs, SOWs, invoices, receipts, HR files, reports, and project materials were properly filed and accessible.
- Provided direct executive support to the CEO and leadership team through calendar coordination, meeting preparation, document formatting, research support, presentation updates, action-item tracking, and confidential administrative assistance.

EXPERIENCE

Co-Founder / Co-Owner

Sip&Chill | June 2024 - June 2025
Santa Cruz, Laguna

- Oversaw day-to-day operations, including opening/closing procedures, inventory control, cash handling, and ensuring smooth service delivery.
- Recruited, onboarded, trained, and supervised baristas and kitchen staff; developed staff schedules and resolved personnel issues to maintain high team morale.
- Curated seasonal menus, created signature beverages, and collaborated with suppliers to ensure quality ingredients and product consistency.
- Monitored daily sales, set pricing strategies, and conducted cost analysis.
- Helped with designing and executing local marketing campaigns and managed social media accounts.
- Managed budgeting, bookkeeping, vendor payments, and payroll.
- Maintained POS systems and inventory management software to streamline processes and improve efficiency.
- Participated in strategic planning, market research, and competitive analysis to identify opportunities for expansion and innovation.
- Handled unexpected challenges such as supply shortages, customer disputes, and operational disruptions with calm, solution-oriented leadership.
- Delivered exceptional customer service, resolved complaints promptly, and fostered a welcoming atmosphere that encouraged repeat business and customer loyalty.

Executive Assistant to the CEO | Personal Assistant | Chief of Staff | Financial Officer

CounterAtlas LLC | Daedalians | December 2022 - October 2024
Washington, D.C.

- Supported CEO with calendar, business appointments, travel, hotel, restaurant, and other business/personal arrangements.
- Provided high-level administrative support, including business administration and personal assistance.
- Oversaw executive travel arrangements, including domestic and international travel by car, plane, ship, and on foot.
- Prepared and reviewed confidential documents and presentations.
- Conducted research and provided valuable insights through 1 on 1 discussions with the CEO.
- Planned and executed high-level meetings and events.
- Handled sensitive information and built strong relationships.
- Led, trained, and developed a team of administrative and operational staff.
- Supervised multiple employees, conducted interviews, and assisted in hiring decisions.
- Oversaw team meetings, check-ins, briefings, and training sessions.
- Managed financial transactions amounting to over $200,000.
- Reviewed and verified invoices from the staffing agency to ensure accuracy and alignment with expected deliverables and agreed-upon terms.
- Handled budget tracking, financial reporting, and expense management.
- Ensured financial accuracy and compliance in company operations.
- Oversaw the work of up to eight employees, ensuring quality and efficiency.
- Assisted in the business operational strategies and execution.
- Processed onboarding/offboarding of staff.
- Created a handbook for the team and implemented policies for organizational efficiency.
- Multimedia editing (business cards, flyers, posters, proposals, events, marketing materials)

EXPERIENCE

Executive Assistant to the CEO

FocalPoint Business Coaching | July 2022 - December 2022
Lincolnshire IL, USA

- Supported CEO with calendar, appointments, and travel arrangements.
- Maintained confidentiality while fostering strong relationships.
- Supervised daily operations and communication.
- Proactively generated leads through research and outreach, engaging potential clients via calls and emails to offer coaching services.
- Built and nurtured relationships with prospects, addressing inquiries and positioning the company's services as valuable solutions.
- Wrote engaging blog posts to establish thought leadership and attract a wider audience.
- Designed and scheduled visually appealing social media posts, increasing brand visibility and audience engagement.
- Handled newsletter contact lists, ensuring new leads are properly tagged, segmented, and added to platforms like Mailchimp. Supported email campaigns by organizing templates, scheduling sends, and tracking open/click rates.
- Assisted with email marketing campaigns by managing templates, conducting A/B tests, and analyzing open/click-through performance metrics.
- Attended business networking events sourced through Eventbrite and other platforms on behalf of the CEO, initiating conversations with potential clients, partners, and industry professionals to expand the company's network and visibility.
- Reached out to potential clients through Business Network International by sending connection requests, follow-up emails, and personalized outreach to build relationships and generate leads.
- Utilized Kennected to automate and schedule personalized LinkedIn connection requests and follow-up messages, increasing lead engagement and response rates.
- Ensured compliance with LinkedIn best practices and daily activity limits to reduce the risk of account restrictions or message bans.

CSR | Escalation Agent | E-Commerce VA | Lead Generation Specialist

Chirpish | February 2022 - June 2022
Miami FL, USA

- Generated, prepared, and sent accurate client invoices in a timely manner, ensuring consistency.
- Handled customer inquiries, complaints, and support requests with professionalism and efficiency, ensuring timely resolutions.
- Managed escalated cases by investigating issues, coordinating with relevant teams, and providing solutions to ensure customer satisfaction.
- Assisted in creating customer support guidelines and FAQs to streamline issue resolution.
- Processed and fulfilled customer orders, ensuring accurate and timely deliveries.
- Monitored and updated order tracking information, keeping customers informed of shipment statuses.
- Conducted competitor analysis and market research to identify pricing trends, best-selling products, and customer preferences.
- Managed bookkeeping and financial records, tracking expenses, sales, and inventory costs.
- Provided post-purchase support, handling return and refund requests according to company policies.
- Researched and identified potential clients, building and maintaining a robust pipeline of leads.
- Conducted cold outreach via email to present and promote company services.
- Collaborated with the sales team to nurture leads and convert prospects into paying customers.

EXPERIENCE

Junior Design and Cost Engineer

Engineering Equipment Inc., Corp. | March 2021 - December 2021
Quezon City, Philippines

- Utilized Microsoft Excel for data analysis, cost estimation, and creating project reports.
- Created and maintained organized spreadsheets to monitor budgets, track expenses, and compare projected vs. actual costs throughout project lifecycles.
- Interpreted engineering and architectural drawings to extract key measurements, material requirements, and design specifications for accurate cost planning.
- Assisted in developing cost breakdowns and Bill of Quantities (BOQ) for infrastructure projects.
- Sourced and compared supplier quotations to identify cost-effective materials and solutions without compromising quality or compliance.
- Maintained an up-to-date database of supplier pricing, availability, and material lead times to support accurate budgeting and planning.
- Reviewed technical specifications and construction standards to ensure materials met engineering, structural, and client requirements.
- Assisted in drafting procurement schedules and coordinating purchase orders in alignment with project timelines and budgets.
- Coordinated with external vendors and internal teams to support smooth procurement and delivery processes.
- Scheduled appointments and coordinated meetings with clients, suppliers, and project teams.
- Conducted quantity take-offs and provided cost input during the early design and planning phases to inform budgeting decisions.

Private Math Tutor

Gig/Freelance | While in College
Laguna, Philippines

- Provided personalized, one-on-one math tutoring to a middle/high school student, focusing on subjects such as Algebra and Geometry.
- Assisted with homework assignments, test preparation, and study habits to support academic improvement.
- Assessed the student's learning gaps and developed tailored lesson plans to address weak areas and reinforce key concepts.
- Explained mathematical problems and theories in a clear, relatable manner to improve comprehension and confidence.
- Monitored the student's progress over time and adapted teaching strategies accordingly.
- Maintained consistent communication with the student's parent to provide updates and align on academic goals.
- Balanced tutoring sessions with a full-time college course load, demonstrating strong time management and accountability.
- Built a positive and supportive learning environment that encouraged curiosity and reduced math-related anxiety.

EDUCATION

Bachelor of Science in Civil Engineering

Laguna State Polytechnic University
Santa Cruz, Main Campus
